Intelligent, simple, open video devices.

Neat empowers every workspace with intelligent, AI-driven video devices. Built on our unique modular architecture, Neat is fast to deploy, easy to manage with **Neat Pulse**, and scalable across any organization. With enterprise-grade performance, seamless Google Meet, Microsoft Teams and Zoom integration, flexible BYOD capabilities, and a growing ecosystem of apps through our **Neat App Hub**, Neat makes every meeting effortless and inspiring, promoting efficient workflows, a stronger culture, and healthier team dynamics so your people can connect, create, and thrive from anywhere.

neat.

Neat Bar

Highly efficient BYOD meetings in small to medium spaces. Neat Bar offers flexibility and familiarity by allowing you to run meetings directly from your laptop. Effortlessly share content while experiencing powerful audio and video performance with or without our dynamic Neat Pad controller.

Neat Bar Generation 2

Simple yet powerful meetings in small to medium rooms. Neat Bar Gen 2 brings beautifully simple yet powerful audio and video quality to your native video meetings, driving up to two 4K screens to experience your teammates and content sharper and larger than ever. It also supports BYOD-only mode with or without a Neat Pad.

Neat Bar Pro

Power to drive engaging meetings in medium to large rooms. Neat Bar Pro drives up to three monitors to give you the ultimate immersive meeting experience by allowing you to simultaneously see people and content more easily. It incorporates two extreme resolution cameras and an advanced image depth sensor that, combined, deliver 16x zoom.

Neat Pad

Touchscreen meeting control or room availability within easy reach. Neat Pad is a slim, discreet touchscreen meeting controller that lets you start and manage meetings and share your screen, with a single tap. It can also be deployed as a scheduling display, making it easy to check availability and quickly book or reserve workspaces.

Neat Pad Pro

Touchscreen meeting control or room scheduling with more power. Neat Pad Pro is a 10-inch touchscreen meeting controller or scheduling display that brings clarity and efficiency to every meeting room. With built-in microphones, AI-powered audio processing, and environmental sensors, it supports simpler, healthier, and more cost-effective room management.

Neat Board 32

All-in-one touchscreen for focus spaces and desks. Neat Board 32 is an all-in-one 32-inch touch device designed to maximize collaboration and productivity. It also doubles as a 4k monitor integrated with premium audio and video.

Neat Board 50

All-in-one touchscreen for small spaces and huddle rooms. Neat Board 50 is a sleek yet powerful device. Its 50-inch touchscreen empowers you to move, interact, create and collaborate efficiently, all within easy reach.

Neat Board Pro

All-in-one touchscreen for medium to large rooms. Neat Board Pro delivers a vivid display of power through a 65-inch multi-touch screen and naturally adaptive, far-reaching audio and video for immersive meeting experiences in one elegant device. It offers a range of extendable capabilities, collaboration applications, and uniquely flexible mounting options.

Neat Center

See and hear everyone better in medium to large rooms. Neat Center brings meeting participants on the far end of a call to the center of the conversation so they don't miss a thing. It enables them to gain a closer, more natural, and engaging audio and video perspective of all in-room participants.

Neat Frame

All-in-one touchscreen for personal spaces and welcoming areas. Neat Frame is a convenient portrait-oriented enterprise-grade touchscreen device. Its superb eye-level camera gives you a more focused, naturally engaging, inclusive meeting experience. At the same time, it frees up your laptop to view content more clearly.
